

BioTechUSA™

THE FEELING OF SUCCESS

ISOTONIC drink powder - 40 g

MAGNA SHOT - 25 ml

AFTER post-workout drink powder - 420 g

During your trainings, refresh yourself with Isotonic drink powder to keep your performance at a high level! Before or during a long-distance run or cycling take a Magna Shot to provide magnesium to your body. After your trainings get 1 serving of After to refill your empty vitamin and mineral stores.
